Salesman Bush

George Bush, the "Mr. Nice Guy" who is now director of the Central Intelligence Agency, has been giving a lot of interviews. U.S. News & World Report quotes a Bush friend as saying: "He may feel that's what the CIA needs — someone out front doing a selling job."

We assumed from the start that Mr. Bush would attend to the CIA's promotion, public relations and sales. We would rather see somebody minding the store.
